

To: All Before and After Care Parents:

We are pleased to remind you that you may pay your daycare tuition ONLINE with a CREDIT CARD. I know that many of you have been asking for this convenience for some time. We hope that this payment system will help you manage your tuition payments with ease.

To log-in to the payment portal, please go to the following website:

<https://ok-edmond.intouchrecepting.com/>

Your username is your student's District ID number. This can be obtained at your school's office. Your password is your student's last name with the first letter capitalized. Tuition cannot be paid on a guest account: you must use the student login.

In addition to being able to pay your tuition online, you will be able to retrieve receipts and ledgers of your payments, even if you have paid cash or check in the school! This means you no longer need to request copies of receipts from your school.

As with credit card payments for student meals, there is a nominal processing fee to pay with your credit card. This fee simply covers the cost to process the card. Edmond Public Schools does not make money on these fees.

Thank you for support of our Before and After Care program.
